## Cassino and Formia Nazi Strongpoints In Italy Captured

### Old Benedictine Monastery Taken By Poles; It is Only in Ruins

By Richard McMurray  
Associated Press War Editor

Cassino and Formia, two German strongpoints in central Italy, were captured today by Allied troops who were storming steadily ahead toward Rome on a violently erupting 25-mile front.

British troops captured Cassino, where the Nazis had repulsed Allied attacks for five bloody months. They had virtually encircled the city in conjunction with a Polish corps which stormed Hill 593, northern anchor of the Adolf Hitler and the Gustav line. The British had cut the Via Casilina two miles beyond the city on the way to Rome.

Formia, southern anchor of the Hitler line, fell to American troops in a five-mile advance. Both Cassino and Formia are 72 airline miles from Rome and around 40 miles from the southern edge of the Anzio beachhead, where the enemy said Allied troops were attacking.

Cruisers pumped 3,000 shells into the Formia area before the doughboys stormed in.

The old Benedictine Monastery on a mountain towering above Cassino was captured by the Poles but it was only a ruin. The Germans had turned it into a fortress. A substantial part of the First German Parachute Division, the dogged Green Devils of the Cassino garrison, were wiped out in the considerable victory, allied headquarters in Naples announced.

### No Gustav Line

"The Gustav line has now ceased to exist," the communique said.

With air power to spare, U. S. heavy bombers ranged across the Adriatic from Italy and bombed Ploesti in Romania and Belgrade and Nis in Yugoslavia. All are rail centers; Ploesti is the center of Romanian oil refining.

French in the center captured Esperia—a stronghold of the Hitler defenses which were reached at many points. The mountain fastness is 70 miles from Rome and 48 from the Anzio beachhead.

Another 1,500 Nazis surrendered making the total 4,500. The Anzio beachhead was quiet but the Germans said Allied artillery was intense.

The Naples communique did not confirm the capture of Cassino, but made plain that the Green Devils of the First German Parachute Division were in a hopeless situation, if indeed they had

## Cecil Higgins Dies of Wounds

KANSAS CITY, May 18.—(P)—Cecil Higgins, 34, who officers reported was shot by a civilian employee of the Kansas City Police Department in front of a tavern yesterday, died today in a hospital.

A police report of the shooting said Higgins was threatening Police Lt. William E. Parker with a pistol when John G. Brown, a clerk in the auto theft department came to the lieutenant's assistance and shot Higgins in the jaw.

Higgins, from his hospital bed yesterday, denied he was armed. He was employed as a bartender. No charges have been filed.

Higgins' father, M. L. Higgins, 400 South New York avenue, went to Kansas City Wednesday morning upon learning of the shooting in Kansas City.

Higgins leaves four children, who reside with their mother, who is divorced from Higgins, on Emmet avenue, this city, one brother, Norman Higgins, Jefferson City, and one sister, Mrs. Zeda May Holt, Memphis, Tenn.

Mrs. Holt gave birth to a son at her home in Memphis this morning.

### Former Sedalian is Missing in Action

First Lieutenant John D. Money, son of Mr. and Mrs. T. V. Money, former Sedalians, now of St. Louis, a pilot of a B-24, has been missing in action since April 11 in a bombing mission over Germany.

Lieut. Money, 23 years old, was born in Sedalia and moved to St. Louis with his parents when a small child. He had been awarded the air medal and three oak-leaf clusters. His wife resides in the state of California.

## Exchanging War Prisoners

### Americans and Britons Changed For Germans

BARCELONA, Spain, May 18.—(P)—Nine hundred Americans and Britons, exchanged for a similar number of Germans, waited today for the Gripsholm to unload about 1,600 Red Cross mail parcels for American prisoners of war in the Reich before beginning their journey home.

The diplomatic exchange ship is expected to remain here until Friday to complete the unloading. The parcels will go by rail to Germany. Gradisca was scheduled to sail today, taking the Germans to Marseille.

Although only 18 American soldiers were expected on the Gradisca, 60 arrived. Among the American civilians exchanged was Larry Allen, Pulitzer prize winning Associated Press war correspondent who survived the sinkings of two British warships and spent 20 months in Italy and German prisoner-of-war camps.

Allen, who came down the gangway carrying two suitcases marked Overseas Press Club and Associated Press, said the Oflag 64 camp which houses American officers was "far and away the best camp in Germany."

He declared this was the daily ration provided by the Germans: Breakfast—One cup of hot water heated by the Americans themselves.

Lunch—Water and soup made of dehydrated vegetables and raw turnips.

Dinner—Two boiled potatoes. Once each week, he said, each prisoner was issued some margarine so rancid that the American officers use it to shine shoes, one ounce of beer sugar and two ounces of an unidentifiable kind of bully.

He emphasized that without the Red Cross parcels the prisoners would starve. He declared that many Americans were not issued clothes sent them by the Red Cross until after they had been in camp seven months.

### MFA Soybean Plant At Mexico, Mo.

MEXICO, Mo., May 18.—(P)—Missouri Farmers Association will build a new soybean plant and feed mill at Mexico, if the community provides \$10,000, a fourth of the cost, interest free. The layout would replace one destroyed by fire March 17 at a loss of \$280,000.

If Mexico fails to raise the necessary amount, the plant probably will be built in Macon, Mo., whose Chamber of Commerce has made the farmer organization an offer, according to Maurice Maze, local manager.

### Charles Simpson Funeral Friday Afternoon

Funeral services for Charles Simpson, 212 East Cooper street, who died Tuesday morning at City Hospital number two, will be held at 2:00 o'clock Friday afternoon at Memorial Baptist church, the Rev. L. D. Hardeman officiating.

The body will remain at Ferguson's funeral home until the hour of services.

Burial will be in Providence cemetery.

### Free Demonstration In Canning Food

Mrs. Letha Jopling, food specialist with the Missouri Extension Service, will give a public canning demonstration at the Armory, Ninth street and Ohio avenue, at 2:30 o'clock Saturday afternoon.

Her appearance here is being sponsored by the Sedalia Victory Garden committee and the Pettis County Extension Service.

She will demonstrate food preservation with wartime equipment, and without canning powders.

The demonstration is free to everyone.

### For Resumption Army Airports

WASHINGTON, May 18.—(P)—Members of congress from 17 states, aroused over an army order halting construction of airports in their states, organized a committee today to take immediate steps toward resumption of the work.

The committee was directed to find out why the army called off construction after once certifying the projects as essential to the war effort. The group was authorized to appeal directly to the president, if necessary.

Rep. Bennett (R-Mo.) commented that many communities now feel that "they have been double-crossed by their government."

It was proposed that legislation be drafted to direct the war department to proceed with the airport construction but the group, at the suggestion of Senator La Follette (Prog-Wis), decided to explore the situation further.

Springfield, Mo., was listed in the revised list of projects involved.

### Personal Denial By Willkie

NEW YORK, May 18.—(P)—Wendell Willkie issued a personal denial today that he had suggested to Gretta Palmer, a writer for Reader's Digest, that she write an article critical of the federal communications commission.

Miss Palmer, testifying yesterday in Washington before the special house committee investigating the FCC, said Willkie proposed the article but that FCC chairman James L. Fly protested it would be libelous and it never was published.

Willkie's associates said yesterday he "had nothing to do with suggesting the account." Willkie followed this up today with a statement in which he said:

"Not that it's very important, but to clear the apparent confusion about the testimony... it is true that several months ago Miss Gretta Palmer came to my office at her request as a representative of Reader's Digest."

"She said she was doing some articles for the Digest and that its editors asked her to talk with me. Radio was one of the subjects discussed."

"As to the radio industry and its regulation, I suggested to Miss Palmer that she see the executives of the industry, such as Mr. William Paley, David Sarnoff and Niles Trammill."

(Editor's Note: "The following is the first dispatch from Larry Allen, Pulitzer prize-winning Associated Press war correspondent, now being repatriated after 20 months in Italian and German prison camps. Allen won the Pulitzer prize in 1942 for his stories with the British Mediterranean fleet. He was captured when he accompanied a British commando raid on Tobruk in Libya on September 13, 1942.")

ABOARD THE GRIPSHOLM AT BARCELONA, May 18.—(P)—Nazi Germany, apparently expecting the Allies to smash through the Atlantic wall defenses, is concentrating on completion of a second and great system of fortifications deep in France and has told her soldiers that the line must be held "until the last man."

As our invasion nears, Germany's vast network of communication still is largely intact despite heavy Allied bombings. Her great railroad terminals in all sections of the country and through the eastern part of France constantly are crowded with thousands of troops moving between the western and eastern fronts.

German System Working I have just come out of Germany into the clear air of freedom after eight months as a prisoner of war in concentration camps, cellars and dungeons of the greater Reich—this after spending a year in Italian prisoner camps—and enroute I saw in detail how smoothly and efficiently the German communications system is working.

In all the heavily-bombed cities there is considerable destruction of factory areas and residential districts, but all the way from the Polish corridor to Marseille I did not see a single railroad station destroyed or even seriously damaged.

I passed through Poznan, Gortitz, Dresden, Munich, Stuttgart, Karlsruhe and other points, and at some of them I was told that as many as 52 passenger trains roll through the stations every 24 hours.

(A large part of Allen's route was across southern and eastern Germany where Allied bombings have not been as severe as in other parts. The remainder of the route to France was across the upper Rhineland where quick repairs may have been made.)

### Hog Offering Too Heavy for Last of Week

KANSAS CITY, May 18.—(P)—The Kansas City hog marketing committee cautioned farmers today that offerings of hogs were too heavy for this late in the week.

The supply included 7,500 held over from yesterday and 6,000 estimated to arrive today. Present indications were that most of Friday's and all of Saturday's receipts would have to be held at the yards here until next Monday before being sold.

### Increase in Freight Loads

WASHINGTON, May 18.—(P)—The Association of American Railroads reported today that 868,309 cars of revenue freight were loaded during the week ending last Saturday.

This was an increase of 31,331 cars, or 3.7 per cent, compared with the preceding week.

Disaster-Aid Bill To White House

WASHINGTON, May 18.—(P)—A \$120,000,000 disaster-aid bill was sent to the White House today, following its unanimous adoption by the house and senate.

The measure would provide the funds for loans and grants to farmers who suffered damage in recent floods and windstorms to obtain seed and machinery for replanting spring crops.

The Weather

MISSOURI: Partly cloudy, few widely scattered thunder showers tonight and Friday; slightly cooler central and north tonight; lowest temperatures near 60; little change in temperature Friday; Saturday fair with moderate temperatures.

Central Missouri: Partly cloudy and not so warm tonight, lowest near 60. Friday fair and little change in temperature.

## Two Day Closing Memorial Day

The Retail Merchants division of the Sedalia Chamber of Commerce at a meeting held last night at the C. C. offices, voted to observe a two day closing for Memorial Day and the Fourth of July and Sedalia stores will be closed Monday, May 29 and Tuesday, May 30, and Monday, July 3, and Tuesday, July 4.

The store owners pointed out that the closing was made in order to give employees a much needed two-day rest period.

Philip McLaughlin, chairman, presided over the meeting.

## Dr. Charles A. McNeil Dies At His Home

### Been Practicing Physician In Sedalia Since 1906

ening. About a half hour before he complained of feeling ill and went upstairs to his bedroom. Mrs. McNeil called Dr. A. L. Walter and Dr. A. E. Monroe, both answering the call quickly, and were with him when he passed away shortly after their arrival. Death was due to angina pectoris, a heart condition.

Dr. McNeil suffered two light strokes more than a year ago, retired shortly afterward from general practice, closed his office downtown, and made calls occasionally or saw patients at his home. He had been in fairly good health, and only a short time before he became ill Wednesday night had been sitting on the porch of his home chatting with a neighbor.

Practiced Many Years

Dr. McNeil was born in Elston, Cole County, Mo., December 29, 1875. The town was named for his grandfather Major Elston. He was educated principally in the grade schools there, attended the Ottumwa College and the Central Missouri State Teachers College, Warrensburg.

After his graduation he taught for five years in the schools of Pettis and Morgan counties, then entered the medical school of the St. Louis University St. Louis. He was graduated from that school in 1905. He remained in St. Louis six or eight months, and was sent

## Patrol Now Positive Smaller Woman Is Mrs. Edgar Holland

### Friends and Relatives Ask Investigation

The highway patrol was brought into the investigation of the disappearance of Mrs. Pearl Fairfax, 59, and her daughter, Mrs. Mattie Molly Grose Holland, wife of Edgar W. Holland, upon request of Mrs. Fairfax's stepson, Jesse Fairfax, last Sunday morning. The stepson resides on the Abell road five and a half miles southeast of Sedalia.

Last Saturday night Mrs. James Greer, who resides southwest of Sedalia on the old Green Ridge road, called Mrs. Jesse Fairfax and had a talk with her in which she asked, "Have you seen Mrs. Fairfax lately?" Mrs. Jesse Fairfax told Mrs. Greer she hadn't and Mrs. Greer told of writing her friend a letter about two or three weeks ago and had since heard nothing.

Sunday morning Mrs. Greer went to the home of Jesse Fairfax and they discussed the situation. Comparing notes and habits of Mrs. Pearl Fairfax, that she never left home without telling someone, Mr. Fairfax decided to start an investigation.

State Highway Troopers Lloyd Amos and Peter Stohr were contacted by Mr. Fairfax early Sunday morning. He gave them his theory about the absence of his stepmother and his step sister and asked them to make an investigation.

Followed Leads

The troopers began Sunday to follow up leads and at that time talked to Holland at his home on his farm seven miles northwest of Sedalia. Holland at that time revealed they had left home but said he didn't pay much attention to it. Others were contacted and Monday the investigation revealed no one had seen them since April 1, and that if they had gone on a long trip someone would have known it.

After the troopers' report, Capt. J. F. Shaw, who is acting superintendent of the highway patrol during the absence of Colonel Stanley Ginn who is ill, pushed the investigation, following every tangible clue which might lead to an identification.

Holland was interviewed by a Democrat-Capital newspaper reporter at his farm home late Monday evening. Holland has known the newspaperman for many years and talked freely of his family.

"You have known me a long time, Kelly, and you know that I have been trying hard to live right since my trouble. I was in Sedalia in business long enough that you knew me. I have had my ups and downs, but I have tried to make Molly happy in our married life. I have bought her things, expensive things, and have tried to see that she had the best of everything," Holland said.

"I got a car," (which he identified as belonging to someone he

## This Casualty Was a WAC

By George Tucker

EIGHTH EVACUATION HOSPITAL, FIFTH ARMY FRONT, Italy, May 18.—(P)—Our most surprising battle casualty came in at 6 p. m. last night.

As the litter was placed gently on a pair of wooden horses in the receiving ward where all casualties are identified and registered, the wounded warrior casually reached up and removed a cloth overseas cap and a wealth of chestnut hair fell out.

"My God, it's a girl," a ward attendant cried, and all along the ward the ejaculation echoed: "It's a girl, it's a girl."

Indeed it was a girl, the first girl casualty of the battle. She was a French WAC ambulance driver and she had been shot as she drove into the battle zone beyond Spigno.

"I guess I got on the wrong road," explained the WAC to one of our nurses who speaks French. The wounded girl was very gay as she lay waiting for X-ray pictures to come through and told of her astonishment when something knocked the breath out of her as she pounded pellmell down a rocky road. Medics quickly ascertained that no vital tissue was touched and that recovery was certain in a relatively short time. The shot tore through the ambulance seat and lodged in her back.

Wanted Work at Once

Cowherd, this morning said that Holland came in and contacted him stating he wanted the work done immediately. They got the other two men and work was started on the 21st. "The old flooring was torn up and we laid the new. I didn't notice anything unusual about the flooring when we took it up," Cowherd said.

Cowherd continued by saying, "I asked Ed where his wife was and he replied that she and her mother had gone to Warrensburg to visit with relatives." On Saturday night Ed had dinner at my home in La Monte, and Sunday, my wife fixed up a lunch for Ed's Sunday dinner."

### Relatives and Friends had Identified Other Woman as her Mother

Fingerprints today clinched the identification of Mrs. Molly Mattie Holland, 36, of La Monte, Mo., as one of the two slain women whose headless bodies were found in the Lake of the Ozarks a month ago.

Relatives and friends previously identified Mrs. Pearl Fairfax, 59, Mrs. Holland's mother, as the other victim.

The state highway patrol said both women have been missing from their Pettis county farm home since April 15, the day before the bodies were discovered near Camden, Mo., 100 miles away.

"A fingerprint found on a gin bottle at the Edgar Holland home has been positively identified as being identical with a print taken from the smaller of the two headless women," said Patrol Capt. J. F. Shaw.

"The fingerprint identification without a doubt identifies the body as that of Mrs. Holland."

Patrolmen still refused to theorize about the identity of the killer, who shot them with a shotgun, hacked off both their heads and Mrs. Fairfax's leg. They would say only that no arrest has been made.

Officers Silent

They have questioned Edgar Holland, 44-year-old ex-convict husband of the younger victim, but will not discuss the results of their questioning.

Holland was released from the Missouri penitentiary on parole in 1936 after serving eight years of a 35-year sentence for bank robbery.

The identification of Mrs. Fairfax—although not clinched by fingerprints—was concurred in by several persons who knew her, including Mrs. Julia Duff, Sedalia nurse; John N. Smith of Sedalia, her brother-in-law and Dr. D. P. Dyer of Sedalia, her physician who said an operation scar on the

## German West Wall Is Buried Fortress

By JAMES M. LONG  
LONDON, May 18—(AP)—The German west wall has been mapped for invasion, gun-by-gun and mile-by-mile, and has been found to be a buried fortress sunk in concrete and screened by minefields and barbed wire, it was disclosed Wednesday night.

The secret map, made up of jagged-fitting Allied reconnaissance photographs, provides Gen. Dwight D. Eisenhower and his command with details on the potential battlefields where the Paris Radio Commentator Paquis suggested today, the decision probably will be reached this summer.

Paquis said Gen. Eisenhower had massed 50 divisions and 80,000 parachute troops in Southern England, that invasion craft filled the harbors and asserted "all evidence points to the fact the invasion will be launched sooner than some people may expect."

In the staggered lines of depth back from the mined coast, the map shows a pattern of farmland broken by installations of defense in camouflaged concrete clusters. These are the gun positions, the cores of the Nazi first line stand.

**Sunken Batteries**  
Some show above ground as groups of small houses, hiding the long barrels of big sunken batteries. Others are rocket gun emplacements set aslant into the ground, and open toward the channel coast.

These have been high priority targets of weeks of night and day short-range bombing attack. As they bombed, the Marauders, Havocs and even fighters photographed the installations and brought back the record of bomb ruin and the picture of the whole defense system, piece by piece.

The Germans still are relying heavily upon camouflage, virtually their last hope of secrecy since the Allies have won air supremacy over the west wall. That is one reason why so much of the defense system is dug in underground. But aerial eyes of the Allied command have been upon the German digging, before and after.

Reports through Sweden said that the 69-year-old Prussian, Marshal Karl von Rundstedt, was the supreme commander of anti-invasion defenses, Marshal Erwin Rommel, whom the Allies chased in defeat halfway across the top of Africa, and the tank expert, Col. Gen. Blaskowitz, were said in these reports to be in charge of army groups under the Junkers aristocrat.

### Effort To Reassure

The German radio sought to reassure the home front with such statements as these of War Reporter Schaniffuss from "German headquarters in Western Europe."

"Anglo-Saxon preparations for invasion are watched in Marshal Von Rundstedt's headquarters with quiet confidence in the success of German arms. The Marshal himself is aware that the clash between the masses of German troops and the enemy's forces is bound to bring hard fighting involving losses and sacrifices. The marshal's confidence in Germany's ability to defeat the Anglo-Saxon attack is based on his exact knowledge of Germany's fighting efficiency and the strength of German forces concentrated behind the west wall."

This was Norwegian Independence Day and exiled King Haakon broadcast to the homeland:

"Norway at this moment is facing the final battle between oppression and freedom."

Prime Minister Nygaardsvold sounded a final warning to Quislings:

"They will be remembered on the day of reckoning—and for that day we shall not now have long to wait."

## Sign Extension On Lend-Lease

### President Hails Program As Allied Unity Symbol

WASHINGTON, May 18—(AP)—President Roosevelt Wednesday signed the third extension of the Lend-Lease Act and hailed the program as the symbol of Allied unity which will hasten the day of victory.

"Through lend-lease and reverse lend-lease," the President said in a statement accompanying his approval, "the material resources and supplies of the United Nations have been pooled for their most effective use against our common enemies x x x"

"This unity of strength, both in men and in resources, among the free peoples of the world will bring complete and final victory."

"That victory will come sooner and will cost less in lives and materials because we have pooled our manpower and our material resources, as United Nations, to defeat the enemy."

The legislation signed into law extends the life of the vast program until June 30, 1945.

The Lend-Lease Administration said in its last report that the actual total of lend-lease operations was \$21,000,000,000 (billions) through January 31.

Mr. Roosevelt's statement described lend-lease as "a powerful weapon working for the United States and the other United Nations against our common enemies."

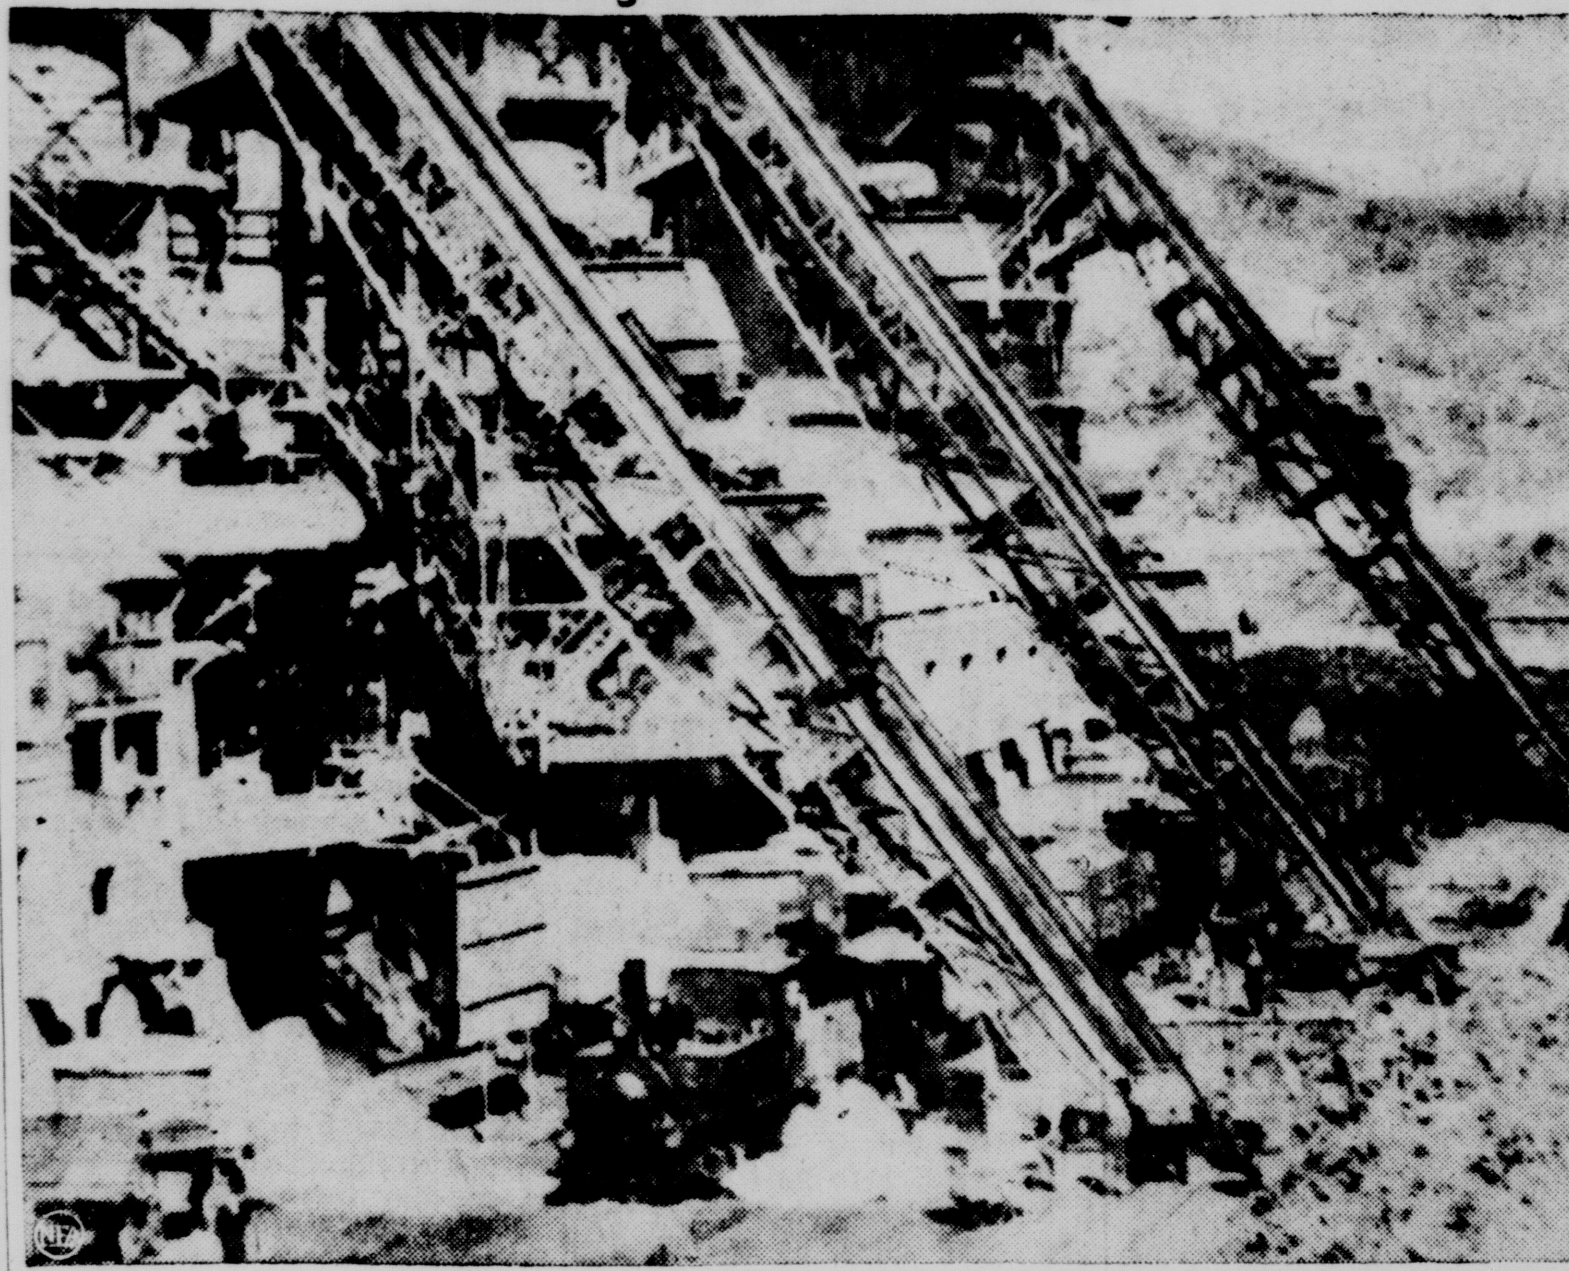

He reviewed the progress of the program from its inception in 1941 to the present and said:

"The promise of ever-increasing help which the United States held forth to those who defied the Axis has been fulfilled."

"In April, 1941, the first full month of the lend-lease program, we furnished aid valued at \$28,000,000. In the month of March, 1944, the lend-lease aid supplied amounted to \$1,629,554,000—almost as much as the aid rendered during the entire first year of lend-lease operations."

The new act prohibits the Presi-

The idea of this provision, according to its sponsors, is to prevent a situation whereby the executive branch could accept a base, or give away one, in connection with lend-lease settlements, which might lead to international complications.

## Body of Missing Girl Out of River

YONKERS, N. Y., May 18—(AP)—The body of Miss Valsa Matthal, of Bombay, India, wealthy Columbia University student missing since March 20, was recovered here Wednesday night from the Hudson river.

Acting police Capt. John J. Cronin of the New York city police missing persons bureau said identification was established through a serial number on a wrist watch found on the body.

A mole on the face and the clothing also corresponded with that of Miss Matthal, he said.

The "Wasp Wagon," one of the Army's newer mobile anti-air-

WASHINGTON, May 18—There hasn't been so much published about it, but an efficient high-geared publicity machine is now functioning at Republican headquarters. Some of the news experts have been on the payroll for quite a while and the payroll for the Republican nominee the minute the final gong sounds at Chicago.

Here is the rollcall of GOP public relations sharks and their stipends:  
James P. Selva, overall GOP publicity boss, salary \$1,211 per month (taxes deducted); Robert Pritchard, publicity expert, \$459.44 to prepare radio script; W. J. Donald, a perennial fixture at Republican headquarters, draws \$730.90 (taxes deducted). Donald is a self appointed defender of the U. S. constitution and is kept on the payroll despite the long series of Republican defeats. His principal duties consist of a daily reading of the Congressional Record and digesting same.

Carlisle Barger, erstwhile critic of Herbert Hoover, now gets \$705.46 (taxes deducted) to raise the party he once criticized.

Percy L. Graves, Jr., another "publicity expert," draws \$497.88 (taxes deducted).  
Floyd E. McCaffree, chief GOP researcher, gets \$497.88 (taxes deducted) per month to collect the speeches made by Roosevelt and show how the president has failed to keep his promises.

Walter F. Brittan, political expert, gets \$1,238.72 (taxes deducted) from the Republican party.

G. Glenn Saxon, an Alf Landon brain-truster, is back again and recently charged the GOP \$1,104.67 for "services and expenses."

### Good Luck in Color

Congressional cloakrooms are chuckling over the latest war plant tour of chunky, indefatigable Congressman Albert Engel of Michigan. Capital Hill's one-man detective agency.

While inspecting an Alabama bag-loading plant, Engel was told of the extreme care taken to prevent staining of the white linen bags which are filled with powder for howitzer shells. Any bags that are stained while being filled are emptied and thrown away, plant officials reported, because of the possibility of a chemical reaction which might explode the powder.

"We had a big mystery around here several months ago," a plant foreman related by way of illustration. "A number of red stains were found on bags and we could not figure out what caused them. Finally, after a chemical analysis of a discarded bag, we discovered to our amazement that it had been stained by lipstick."

"Yes, sir, some of our girl employees had been giving those bags of shell powder a good-luck kiss and saying, 'Now, get me a Jap.'"

"Did you make the girls stop?" grinned Engel.

"Oh, no, Congressman, not at all," replied the foreman. "We figure that we'd rather throw away a few bags than deprive the girls of such a patriotic gesture. However, if this bag-kissing gets too prevalent, I guess we'll have to call a halt for economical reasons."

Note: Hawkshaw Engel has saved the government a lot of money by his war plant inspections, but spends little himself. He drives his own car, sleeps in plant barracks and tourist homes, eats in

### Nazi Channel Defenses

Of all the variegated defenses Hitler has conceived to block the Second Front — from rocket-guns to flame on the Channel — the one which the Allies are worried most about is the plain, relatively old fashioned machine-gun nest.

The Nazis' have developed a new type of machine nest, tried it out at Cassino, and it was one reason for our failure to advance.

This pillbox is of very heavy concrete, quite small, extends only a foot or so above the ground and is extremely difficult to see from the air. The pillbox usually houses two machine guns, hitched together so that one man can fire both together at the same time.

One Nazi in each pillbox so that if he is hit only one man is lost. But it takes almost a direct bomb hit to knock him out, so air pounding of them from overhead is not too effective. These pillboxes, buried in the mountains at Cassino, were terrifically effective, and more of them are reported lying in wait behind the shore along the coast of western Europe.

### Discharge Buttons

With more than a million men now honorably discharged from the army for wounds, health or age, the question of honorable discharge buttons becomes more and more important.

It took the army some time to design a discharge button, but now that it is designed, men and officers have a hard time getting it — unbroken. The buttons are made of plastic and when mailed to veterans, usually arrive in broken pieces.

One discharged air forces captain got his discharge button all right in an envelope from Major

## In The Service

Bobbie Starke, 15, son of Mr. and Mrs. J. W. Starke, 1600 East Ninth street, recently received a head hunter's knife as a wartime souvenir from his cousin, Sgt. R. G. Beasmore, who is serving with the army engineers in Burma.

The curved, heavy knife is encased in a leather scabbard and there also is a small knife in a separate slit in the holder.

Sgt. Beasmore, who went overseas in December, 1942, said in a letter the knife had a long history, but he wasn't permitted to write about it.

Mrs. Marshall Carroll, 1315 West Main street, has received from her husband, Pfc. Marshall Carroll in India, a box of gifts which include a small, hand carved end table; two hand carved jewel boxes, one with a carved snake and one with foxes and palm trees on top; two bracelets of Indian money, one gold and one silver; a silver pin; three elephants — one of wood, one of ivory and one of ebony with ivory tusks and inlaid toenails; two horses, two lions, and a dog, all of ivory; two ivory perfume holders; four and one-half yards of gold silk; hand made embroidery; linen table cloth; two rows of gold ribbon; ivory cuff links; linen lunch cloth trimmed with embroidery and a small ivory cup.

Pfc. Carroll, a graduate of the Smith-Cotton high school, has been in military service over 16 months and has been overseas since November. He is a radio operator in the air corps.

Brothers-in-law who had not been previously introduced met somewhere in the Solomon islands May 5 their wife and sister learned this week.

Mrs. Marjorie Clark, 1316 East Ninth street, has received letters telling her about the meeting in the South Pacific of her husband, Junior Lewis Clark, a fireman first class, USN, and her brother, Houston Summerskill, machinist's mate third class of the Seabees.

Clark left for overseas duty December 17 and Summerskill went over several months ago. The former is the son of Mrs. Mettie Clark, 1316 East Ninth street, and the Seabee is a son of Thomas Summerskill of Kansas City, formerly of Sedalia.

Mrs. Robert Pfeiffer, 507 West Twentieth street, has received word that her husband, Staff Sgt. Robert Pfeiffer has arrived safely in England. He has been in service since November 1942.

Pfc. Perry F. Younger, son of Mr. and Mrs. Adolph Younger, 920 West Second street, was graduated from gunnery school and received his gunner's wings at Las Vegas, Nev., April 28, and has been transferred to the second air force at Lincoln, Neb., with a bombardier corps, where he will train as a lower ball turret gunner on a B-17 or B-29 heavy bomber.

Jesse C. Hicks, assistant quartermaster, Hill Field, Ogden, Utah. But there was no packing around it and it was in several pieces. When he wrote back for a new button, Major Hicks replied:

"There are no provisions for replacing broken buttons. Therefore, we are unable to comply with our request."

Note — Some of the boys think that with all the gold we have buried at Fort Knox, we could spare some for those discharged from the service.

## Society

Mr. and Mrs. Heber U. Hunt, 916 South Harrison avenue, have as their guests Mrs. Hunt's mother and aunt, Mrs. E. K. Atkinson and Mrs. A. L. Davis respectively, both of Tulsa, Okla., and Mr. Hunt's parents, the Rev. and Mrs. W. P. Hunt, of Excelsior Springs. They are here to attend the graduation at Smith-Cotton high school tonight where Bob Hunt, son of Mr. and Mrs. Hunt will be graduated.

Before the commencement program Mr. and Mrs. Hunt are entertaining their guests and a few friends at a dinner at the Country club.

Miss Martha Jane Farthing, a former Sedalia, daughter of Mr. Arthur J. Farthing of St. Louis and the late Mrs. Farthing, became the bride of Sgt. Paul Anthony Cowell, Jr., son of Mr. and Mrs. Paul Anthony Cowell, of Belle Rose, Long Island, N. Y., at 4:30 p. m. April 29.

The double ring ceremony was performed at the rectory of St. Gregory the Great, Belle Rose, Long Island, after which a wedding dinner was served to the bridal party and guests, numbering thirty, at Bellaire Castle.

The bride and groom went to Vermont for a short honeymoon and are at home to friends at 88-52 238th street, Belle Rose (6) Long Island, N. Y.

The bride spent most of her life in Sedalia, leaving here in 1941 for Gatun, Canal Zone, following the death of her mother. She made her home there with her sister and brother-in-law, Mr. and Mrs. J. A. Cunningham.

After her engagement to Sgt. Cowell she flew back to the States in March of this year and following a visit with friends here and in St. Louis with her father she went to Belle Rose to Sgt. Cowell's home where they were married. Sgt. Cowell has had two years foreign service, most of which was in Panama where he met his bride. He arrived back in the States April 25 and will be stationed for the present at Fort George Meade, Md.

Doyle R. Marby, son of Mr. and Mrs. William R. Marby, 508 West Twenty-second street, celebrated his seventeenth birthday anniversary with a party at his home on May 13.

His guests were Misses Ila Lenora Paxton, Elizabeth Pettis, Doris Williams, Charlotte Paxton, Ruby Paxton, Georgia Pettis, Roberta Mabry, Florence Mabry, Mrs. Lois Paxton, Mrs. Robert L. Mabry, Jimmie Vansell, the host's mother and father, brothers William T. and Anthony and his sister, Luella.

Bouquets of Iris and spirea were used as decorations and a Victory theme was carried out in the table arrangements. Pale green and rose candles in glass holders were at either side of a cake decorated with a "V".

Games and music provided the entertainment of the evening.

Cpl. Clifford Neill, 1611 South Carr avenue, Sedalia and Sgt. Eugene Sullins, Clarksburg, were among the officers and enlisted men of the United States general hospital who landed in England and were appalled when they had their first look at the site of their new home in England. Not only was the terrain itself in the most rugged condition imaginable but the many buildings, although designed for hospital use, had been a continuous bivouac area for innumerable units. The hospital personnel, of which Midwesterners are predominant, were full of ideas. They began landscaping and engineering and even have ideas of farm plots. After the landscaping is done and the hospital begins to do business they might use some of the idle land for farming.

# Earl Crawford Club Speaker

Attorney Earl Crawford, of Sedalia, member of the Missouri State Parole Board, made an interesting talk before the Sedalia Kiwanis club meeting in Hotel Bothwell Thursday noon. His subject dealt with social attitudes of people before and after the war, the difference in the conduct patterns they will follow, and predicting that America and Americans after hostilities cease will not be the same America and Americans they were before the war. Their idealism may be better or worse. The solution to the problems of behavior, he pointed out, is one needing the attention of every citizen.

The speaker was introduced by his law partner, Attorney Sam P. Harlan, program chairman.

County Clerk James Green was inducted as a new member by the Rev. Clyde Sherman assisted by Phil McLaughlin.

Max Curry, Muncie, Ind., who has enlisted in the marines, was a guest of Wayne Van Zandt.

# Less Meat for Civilians

WASHINGTON, May 18.—(AP)—A 10-pound reduction in civilian supplies of meat during the last half of 1944 was forecast today by the Bureau of Agricultural Economics.

In a report on the national food situation, the agriculture department's statistical agency said civilian consumption during the first half of the year was expected to average about 77.5 pounds per person. Supplies available the last six months were forecast at 67.5 pounds.

If borne out, the consumption level of the last half of the year would be at the rate prevailing in 1943, when all meats were rationed.

The bureau said the larger rate of consumption during the first half of the year reflected record production and oceanic shipping and storage difficulties—developments which recently led to the removal of all meats except beef, pork and lamb from the ration list. A material reduction in marketings of hogs is indicated for the last half of the year.

The bureau's figures indicated a total average civilian supply of 145 pounds of meat for 1944, or eight pounds more than was available last year.

The per capita consumption of all good in 1944 is expected, the bureau said, to average substantially the same as last year.

# Republican Campaign Song

NEW YORK, May 18.—(AP)—The New York county Republican committee's new campaign song, set to the tune of "Yankee Doodle Dandy," will have its world premiere at the committee's meeting tonight.

The lyrics, made public by Secretary of State Thomas J. Curran, are:

"Oh, Tom E. Dewey came to town!  
"A-riding on a pony!  
"He busted gangs and jailed the mobs!  
"And cleared out every phony!"  
(Chorus)  
"Oh, Tom E. Dewey keep it up,  
"You're swinging sharp and handy!  
"The White House is your home next year!  
"Our Yankee Dewey dandy!"

# Fined for Using Improper Plates

W. L. Fuqua, 603 East Eleventh street, was found guilty by a jury in a justice court this morning on charges of having improper state licenses on his car, and was fined \$5 and costs, totaling \$30.25 by C. W. Bente, ex-officio judge of the peace.

Arrested Wednesday by police after investigation of the license following his non-appearance several days ago on a minor traffic infraction, Fuqua posted a cash bond for appearance in ex-officio justice of the peace court this morning and through his attorneys, Frank Armstrong and John Palmer, asked a jury trial.

From a list of 12 names the following were impanelled: Ralph Hicks, C. J. Joy, Lyle Brown, Leo Hoehns, C. P. Kelley and Walter Cramer.

Leo J. Harned, Pettis county prosecuting attorney represented the state.

It was found that Fuqua was using license plates issued to a former owner of the automobile. The car was purchased by the present owner last fall.

# Positive Identification of Body

(Continued from Page one).

Mr. Cowherd stated, "When we got there most of the paper had been torn from the walls, but I didn't think anything about that."

"Holland took the old flooring out by the barn someplace. I don't know what he did with it," Cowherd told the patrol. Patrol Officers searched the farm for the old flooring and haven't located it as yet.

"Something odd about the job we had to put a new door on the kitchen. The funny part of it was that Holland had several old doors he could have used, but instead bought a new one. He explained the old door was damaged by fire. The fire, he explained to us, started from hot ashes in a coal bucket which he had set too near the door."

**Never Saw Door**

"I never saw the old door around the place after that, in fact I never saw the door. It was taken down when we got there. He told us the insurance company had paid for a new door, so why not use one."

Sheriff Ross Bothwell, who states he carries all the insurance on the house and outbuildings, this afternoon stated he had never paid any fire claim to Holland.

Holland last Monday said that Bothwell had written the insurance on the house and buildings. Bothwell said that he was called to the farm several months ago before Holland and his wife started on a trip and at that time the insurance was written by him.

Nutt could not be contacted this afternoon by the reporter to determine whether there was anything unusual in the paper hanging job.

**Hollands Often Went to Lake**

Eddie Wilson, owner and operator of Wilson's Hill summer resort, located just north of the Glaze bridge on highway 54, has informed a newspaper reporter that Holland and his wife have visited his place many times over a period of several years. The last visit was October 1943.

It was about three-fourths of a mile from Wilson's hill where the bodies were found. Wilson was quoted as saying that one of his men had accompanied Holland at times and aided him in launching his boat into the lake at the dead end of Lake Road No. 15, and it was at this point that the two bodies were found in the water.

Wilson also identified the picture which appeared in the Democrat-Capital as that of Mr. and Mrs. Holland, and Mrs. Fairfax who had also been a guest at his resort several times.

Mr. Wilson was in Sedalia Wednesday to attend the monthly meeting of the State Conservation Commission, which was held at the Hotel Bothwell.

# Doctors View Body

"This body out here, rather at Columbia, in size, physique, and general make-up is very similar to that of Mrs. Fairfax," Dr. D. P. Dyer, 524 South Grand avenue, said at State Highway patrol headquarters, at Jefferson City, Wednesday afternoon when interviewed by a newspaper reporter. Dr. Dyer and Dr. John A. Powers, Warrensburg, were taken to Columbia Wednesday morning by State Trooper Peter Stohr where they viewed the bodies of two headless women.

Dr. Powers in his statement, said, "I will not positively say that the body of the young woman is that of Mrs. Holland," when asked if he would make a positive identification. "I have treated her two or three times a year for the past four or five years for minor ailments. She didn't have any operations that I know of," he said.

Continuing he stated, "I will say that the body of the younger woman is similar in size and general characteristics, to that of Mrs. Holland."

Continuing he stated, "The stature of the younger woman is very similar to that of Mrs. Holland. I also am taking in consideration the swelling of the body and general conditions of it at the present time."

Dr. Dyer corroborated Dr. Powers' statement regarding the younger woman. However, neither men would say that it was Mrs. Holland.

Dr. Dyer in his interview with the newsmen told Mrs. Fairfax being in the Bothwell hospital. He said she entered the hospital about December 8, 1937 to receive treatment for a dislocated hip. While there she suffered repeated attacks from her gall bladder and I recommended that she be operated upon. "About January 8, 1938 I operated on her for gall bladder. The scar on the abdomen of Mrs. Fairfax is very typical to the incision I use for such an operation."

Continuing he said, "I have used that type of incision for many years, while some doctors have a different type. I will not say that it is positively an incision I had made, but it is exactly like the one I use."

I have treated Mrs. Fairfax on numerous occasions for various illnesses but not recently.

"I treated Mrs. Fairfax prior to her injury and operation for attacks she received from her gall bladder. She was employed on the W. P. A. and worked on a weaving loom at the old Y. M. C. A. building, and this work often caused her to suffer these attacks."

"I would say the scars, size of body and general characteristics are those of Mrs. Fairfax. The last time I treated her, I believe was in 1941 and that I think is the last time I saw her."

"These bodies are very typical

in their development and make-up as my former patients," Dr. Dyer concluded.

Two Sedalians other than Dr. Dyer viewed the bodies and made tentative identifications. They were Mrs. Julia Duff, 301 East Fifth street, and John N. Smith, 401 North Park avenue, the latter whose first wife was a sister of Mrs. Fairfax.

Mr. Smith went to Columbia in company with two friends from Sedalia. It was not until after he had identified himself that he was permitted to see the bodies. Mr. Smith, it was reported was positive the bodies were those of Mrs. Fairfax and Mrs. Holland.

**Says Contact Patrol**

W. C. "Bill" Dunlap, 1412 South Osage, a former husband, who viewed the bodies says "I have nothing to say, contact the patrol."

**Holland Weeps**

Mrs. Mollie Scruggs, 301 East Fifth street in conversation with a Democrat reporter, today said that Holland came to her home last Monday morning, told her his wife and mother-in-law were missing, and apologized for not having told her before. Mrs. Scruggs has been a close friend of Mrs. Fairfax and daughter for many years. Holland, she said, seemed to feel very bad about their absence, and the fact that reports were current they might be the murdered women. He wept, she said, in talking to her.

Mrs. Scruggs said she had hesitated mentioning that when talking to a Democrat reporter before because she didn't want any more publicity than was necessary.

**Left Home Saturday Morning**

"I left home about 4 o'clock Saturday morning, April 15 and drove up to Kansas City where I sold the car. When I came back home about 8 o'clock Saturday evening, no one was here. At first I didn't suspect anything because I felt that they had gone to Sedalia and might be staying with some friends over the weekend. Later I didn't hear anything so I looked to see what clothing they had taken and they had cleaned out everything."

"They had nine suitcases and several small cheap canvas covered boxes. I just naturally figured she had gone to Texas to visit like she did last summer. I did think that Mrs. Fairfax might have gone to Florida to see her sister. I didn't get worried until all this investigation started, but I still believe they are either in Texas or Florida," he said.

**Mrs. Greer's Statement**

When the reporter talked with Mrs. Greer Monday evening she said, "Mrs. Fairfax was at my home to stay several days, I believe in March. I really don't want to get mixed up in this thing but from her absence I think something has happened. It isn't like Pearl to go off and not write to anyone. I wrote her about three weeks ago and haven't heard a thing. That's unusual because she always answered her correspondence."

When he talked with the reporter, Holland said, "When they left their mail was cut off and not a letter or anything has come for them. But that is the way it happened before."

The neighbors in the vicinity all shied away from much questioning, but admitted "We never neighbored with the Hollands very much." No one had seen either Mrs. Fairfax or Mrs. Holland since around the first part of April.

Friends have said that Mr. and Mrs. Holland had had family arguments but they never interfered. They were quoted as saying "They usually ironed them out."

A divorce was filed on September 15, 1943 by Mrs. Holland against Edgar W. Holland, but was dismissed November 17, 1943. The petition alleged that the defendant had threatened the plaintiff using cruel and barbarous treatment, had threatened her life on numerous occasions, that he had beaten her brutally, threw things around and through the windows and finally drove her from her abode.

Lamm and Barnett were the plaintiff's attorneys and she signed the petition at Harris county, Tex., the city of Houston.

# Personal

Mr. and Mrs. M. O. Hart, 721 East Ninth street, have received a letter from their son, Pvt. William L. Hart, who is somewhere in England, in which he states that he is in a hospital with mumps.

He also mentions meeting Cpl. Calvin Solomon, son of Mr. and Mrs. H. B. Solomon, 1807 West Broadway, the first Sedalia boy he had met.

Both boys have been in England since February.

Mrs. Whitley Woodson and son, Charles Albert of Jefferson City, left for their home Wednesday after a visit with Mrs. Woodson's mother, Mrs. Jessie Williams, 418 South Massachusetts avenue, and with Mr. Woodson's parents, Mr. and Mrs. A. P. Woodson, 1602 South Carr avenue.

Mrs. R. S. Haggard, route six, Sedalia, has returned from a two-weeks visit in Roswell, N. Mex., with her daughter and family, Mr. and Mrs. Ted Wherley. While there, she visited Carlsbad caverns and other points of interest.

Mrs. James Hunnicutt, daughter Miss Joan and son, Billy, of St. Louis are here for a few days visit with relatives.

Mrs. J. Gregory Staples, 213 East Sixth street, will leave Friday for Los Angeles, Calif., where she will join her husband, J. Gregory Staples, seaman first class U. S. navy, who is on a leave. She will remain with him there while he is on leave and will then return to Sedalia.

Mrs. C. P. Junge and daughter, Dianne, of Cole Camp, spent the first part of the week visiting Mr. and Mrs. Leo Eickhoff, 705 West Fifth street. They accompanied Mr. Junge, a member of the state legislature, who continued to Jefferson City.

But I came home and when I told Molly about it, she just naturally 'blew up' and said I should have sold it for that price. She knows a lot about business, so I made plans to return to Kansas City to sell it."

# Finnish Refugees Fleeing into Sweden

STOCKHOLM, May 18.—(AP)—A steady stream of Finnish refugees, many of them soldiers who say they are fleeing from the German occupation of Northern Finland, have reached Sweden in the past few weeks, coming by small boats.

The newspaper Aftonbladet, reporting 85 refugees interned at Umea, quoted them as saying the Germans are taking over all of northern Finland, and that open war between the Finns and Germans was feared.

# Novel Souvenir From War Zone

MARYVILLE, Mo., May 16.—For safe keeping and for comparisons, Lt. Robert Alpert, of a U. S. Marine assault squadron, is sending to his former instructor, Donald N. Valk, blueprints of Japanese machine parts, Alpert captured these Tokyo-made prints during the Kwajalein invasion. The intelligence service took them at once and are gradually releasing them to him.

Valk, head of the industrial arts department of Northwest Missouri State Teachers college, says the prints show excellent and trained draftsmanship, that the Japanese use the metric system of measurement with Arabic figures, the first angle of projection of representation of the object as do the English, whereas the American uses the third angle of projection and the linear system of measurements.

Alpert, basketball flash of the Bearcats, received a bachelor's degree from the college in 1942. He came from Sedalia, son of Mr. and Mrs. Sam Alpert.

# Allies Topple Jap Airdrome

By Richard C. Bergholz  
Associated Press War Editor

A spectacular jungle maneuver by Lt. Gen. Joseph W. Stilwell's American and Chinese soldiers has toppled an important airdrome from Japanese control, placed the main enemy base in North Burma under siege and narrowed the gap between converging Allied armies in Burma and China to less than 80 airline miles.

Southeast Asia Allied headquarters announced today Stilwell's forces captured Myitkyina airdrome after a 20-day forced march and now are besieging Myitkyina City, terminus of the important Mandalay railroad.

Immediately after the airdrome was secured, gliders and transport planes landed American engineers and Chinese troops. Brig. Gen. Frank Merrill's Marauders participated in the surprise stroke which "apparently caught the Japanese completely by surprise and only slight resistance was offered," the Allied communique said.

# General Arnold Very Much Upset

WASHINGTON, May 18.—(AP)—As General H. H. Arnold, chief of the army air forces, prepared to face a congressional inquiry today he was pictured as "very much upset" over the problem of whether the women's army ferrying program should be continued.

Chairman Ramspeck (D-Ga.) of the house civil service committee said Arnold had been invited to explain behind closed doors why continued expenditures should be made to train women pilots when there are already some 12,000 trained and partially trained male army flying instructors available.

Arnold was described by Ramspeck as upset over the situation particularly since a bill approved by the military affairs committee to bring the WASPS into the army has been given rules committee approval for early house consideration, possibly late this week.

Mrs. J. P. Boulware Undergoes Operation

Mrs. J. P. Boulware of St. Louis was operated upon at the Barnes hospital there Wednesday. Mrs. Boulware is the former Miss Mary Virginia Lueking of Sedalia, the daughter of Mr. and Mrs. A. C. Lueking, 1002 S. Kentucky avenue. Her mother has gone to St. Louis to be with her.

# Obituaries

Joseph Meyer, Jr., 78, 913 South Vermont avenue, died at 10:05 o'clock this morning at his home after an illness of two months.

A farmer, Mr. Meyer had lived in this community for 25 years, having a farm south of Sedalia, and with his wife, Mrs. Frances Klein Meyer, moved to Sedalia about seven years ago.

The son of Adam and Margaret Meyer, he was born April 24, 1866, in Cincinnati, Ohio, and when a boy came with his family to Missouri.

On October 23, 1888 he was married in Martinsville, Mo., to Frances Klein.

Mr. Meyer is survived by the widow and six children, who were with him at the time of his death: Mrs. G. W. Robb and Nick T. Meyer of Sedalia; Mrs. E. B. Gramlich, Pilot Grove; Mrs. E. B. Hobelman, St. Louis; Mrs. H. S. Hobelman, Wichita, Kas., and Mrs. N. C. Brummel, Kansas City. He also leaves one brother, Mike Meyer of Pilot Grove, and 23 grandchildren and one great grandchild.

Mr. Meyer belonged to Sacred Heart parish and was a member of the Holy Name Society.

The body is at the McLaughlin chapel. Arrangements for funeral services have not been made pending word from relatives.

# Wheat Futures Up

CHICAGO, May 18.—(AP)—Mill buying pushed wheat futures ahead today after a hesitant start. Gains ranged to more than a cent at times. Some buying was based upon reports that heavy rains in the northwest will further delay seeding, which already is late in that area. Trading in the wheat pit was featured by scarcity of offers.

Rye slumped to a new low for the year at the start, but then reversed its trend and returned to around the preceding session's close in sympathy with the strength of wheat. Trading was heavy and the market appeared nervous.

Oats and barley were firm.

May wheat, oats and barley were unchanged. Active wheat futures closed 14 to 15 cent higher, July \$1.65 1/2. Active oats unchanged to 1/2 cent higher, July 77 1/2. Active barley 1/2 cent higher, July \$1.22 1/2. Rye was unchanged to cent higher, May \$1.21 1/2.

# Advance in Rails

NEW YORK, May 18.—(AP)—Rails, followed by scattered motors and specialties, engineered another brisk advance in today's stock market after a morning sprint in absorbing considerable profit cashing on Wednesday's bulge.

Providing late steam for the carriers was the surprising 25-cent extra dividend of Southern Pacific in addition to a quarterly 10-cent declaration and the calling by the company of more than \$16,000,000 of collateral bonds.

The opening was moderately steady. Trends then began to stiffen and near-closing quotations were at or near the top. Activity broadened on the rise and transfers of around 1,000,000 shares were among the best in more than a month.

## NAM Suggests Know Your Congressmen

**Just Human Beings  
Living in a Most  
Uncomfortable Way**

By James Marlow and  
George Zielke

WASHINGTON, May 18.—(P)—A little primer on how to get along with congressmen, prepared for the benefit of businessmen, says very firmly that a congressman "is a human being."

Called "Know Your Congressman," it is printed by the National Association of Manufacturers (NAM). The 9-page document sternly warns:

"Cut out demagoguery before a (congressional) committee. That is congress' own specialty and en- crachment in this sphere is re- sented."

No congressman can disagree with this information for busi- nessmen dealing with the law- makers.

"Don't get smart; don't get off the subject; don't assume a su- perior attitude; don't get huffy; don't talk unless you know what you're talking about."

"A congressman is a human be- ing, living in a most uncomfort- able way. His salary is \$10,000 a year, and this is important. It is not enough to meet his many de- mands and yet most of his con- stituents look upon it as exorbi- tant."

## Strike Perils War Effort Says General Arnold

Gen. H. H. Arnold testifies before War Labor Board hearing into the strike of 3,500 foremen in Detroit area, says that strike has dealt his command "one of the most serious setbacks the air force has had since its inception," and, if continued, might enable the German air force to "recover just when it is reeling under our blows." Left to right are: George Taylor vice chairman WLB; General Arnold and WLB Chair man William Davis. (NEA Telephoto)

itol hill suggests that businessmen get to know their senators and representatives personally because there is "need for greater coordi- nation between industry and con- gress."

**System Is In Danger**  
The NAM seems to think the American system of free competi- tive enterprise is in danger. That phrase occurs so often in the nine pages that we called up the prin- er's author and asked him if the NAM had a definition of "free competitive enterprise." He thought for a while. He said there was a definition but he couldn't remember it exactly.

Approximately, he said, it meant "the right of business to compete in a free market with government as an umpire."

There are some passages, re- peated in one way or another, which indicate the document is not pro-New Deal. For instance, when it says congress must get

more information about business because:

Lack of it makes the job "doubly difficult for industry's representatives in Washington to combat the various New Deal planners' schemes for making over the American way of life."

The NAM starts off its lesson in congressional relations by drawing an example between the apparent simplicity of American life at the time Thomas Jefferson became president and now.

After taking his oath of office, the NAM says, Jefferson rode back on Pennsylvania avenue and:

"He was not troubled with... An Office of Price Administration... with a Foreign Trade Commis- sion... with an Interstate Com- merce Commission... with a Se- curities and Exchange Commission... or any one of the some 110 federal agencies which now regu- late business in one form or an- other."

## Cassino and Formia Nazi Strongpoints In Italy Captured

(Continued From Page One)

not scurried out before the jaws of the British-Polish trap slam- med shut. Headquarters said some resistance still was being en- countered in the area.

Overhead, 2,500 planes sortied against the foe pouring a hellish curtain of bombs and bullets and fire into his battle positions. Four ports were bombed in operations costing 15 planes.

**Russian Bombers Start Fire**  
Russian bombers started great fires and explosions in the white Russian capital of Minsk and bombed two old Polish centers. The Soviets said they killed 500 and captured 150 Germans around Stanislawow in the south.

The Finns said their port of Kamina was bombed. Still the Russian armies were massing for the great and decisive summer offensive to be coordinated with Gen. Eisenhower's invasion of the west.

Continental storms kept bomber fleets in Britain grounded. Rus- sia and Poland made halting steps toward rapprochement.

With air power in Italy to spare, U. S. heavy bombers were said by Berlin to be striking today in Romania and Serbia.

The Germans said that not only Cassino, but the ancient Benedic- tine Monastery above the town had been abandoned. It was shel- led yesterday by the heaviest con- centration of artillery fire in Mediterranean history. Of Cas- sino, the enemy communique said:

"Casino, which the Anglo- Americans for months have tried to rush with the strongest forces, was evacuated last night without a fight in favor of a barrier po- sition further to the rear. This was saving forces."

The Germans also asserted that the Allied forces in the Anzio beachhead were striking south from Cisterna and Littoria, ap- parently in a pincers movement coordinated with the drive against the Hitler line.

The Germans said their posi- tions north of Formia had been broken and that countermeasures were underway. They said attacks in the Esperia area "supported by heavy artillery fire and very many tanks were repulsed."

## Successor to V. H. Steward

JEFFERSON CITY, May 18.—(P)—Leonard L. Limbaugh, 38, Caruthersville Republican, was appointed by Secretary of State Gregory Stockard today as com- missioner of motor vehicles to succeed V. H. (Lefty) Steward, Poplar Bluff Democrat who re- signed.

Limbaugh, an oil dealer, has been chief deputy oil inspector in the state oil inspection depart- ment for three years. He was the keynote speaker at the Re- publican state convention in St. Louis last month.

Limbaugh will take office next Monday, when Steward's resig- nation becomes effective.

## Dr. Charles A. McNeil Dies At Home

(Continued From Page One)

to Sedalia to become second house surgeon with the Missouri, Kan- sas, Texas railroad. He remained there from January 1, 1906 until June 1909, when he began his gen- eral practice in Sedalia.

## Son In Service

Mrs. McNeil survives and they have one son, Staff Sergeant Jam- es E. McNeil, now serving in Eng- land. Surviving also are two sis- ters Miss Lulu and Miss Margaret McNeil, of Ottaville.

Dr. McNeil was a son of Peter J. and Sarah Patterson McNeil, one of twelve children.

He was a member of the Ameri- can Medical Society, Missouri Medical Association, and Pettis County Medical Society.

The body was taken to Mc- Laughlin's chapel.

Funeral services will be held at the family home at 2:30 o'clock Friday afternoon with the Rev. R. W. Leazer, pastor of the First Baptist church, to officiate.

Pall bearers will be Clyde Hey- nen, Harry Harnsberger, H. C. Salveter, William Alcorn, Ernest Thompson and John Fowler.

The body will be taken to the family home from the McLaugh- lin chapel Friday morning.

Burial will be in Crown Hill cemetery.

Members of the Pettis County Medical Association will be hon- orary pallbearers.

## Warns Against Propaganda

WASHINGTON, May 18.—(P)—Secretary of War Stimson warned the public today that current Nazi propaganda on the forthcoming invasion of Europe is designed only to confuse the Allied peoples in the hope of impeding military operations.

In a statement read at his press conference, the secretary called attention particularly to the set- ting of invasion dates by the en- emy, so that when the dates passed without action the enemy could claim the Allies did not dare at- tempt the invasion.

"The day will come, but it will not be the one which the Nazis have selected," he added, asking that the public "remain cool and patient during this trying period of waiting for D-day."

## To Resume Negotiations

HARRISON, Ark., May 18.—(P)—Negotiations in the wage dis- pute between the Missouri and Arkansas Railway and its train- men and engineers will be re- sumed in Washington May 26, Malcolm Putty, executive vice president, said today.

A strike called by the two brotherhoods was referred to the War Labor Board and after three weeks of conferences here with Federal Mediator John Walsh a stalemate resulted. The confer- ences were transferred to Wash- ington last April 18.

A committee of the Office of Defense Transportation reported this week that the railway did not have sufficient cash assets to pay the wage demands of \$155,000 and recommended that the road effect operating economies amounting to \$9,025 a year.

## Job With Future

EAST HARTFORD, Conn.—Mrs. Myrtle Cleveland, who washes locomotive cab win- dows at the New Haven rail- road roundhouse here, was asked about her postwar plans.

"Well," she said, "Diesel en- gines will be taking the place of these locomotives after the war — and there's a lot more window space to be cleaned in them."

## Barn and Contents Burn; Loss \$950

Fire, which is believed to have originated from sparks of a burn- ing trash pile, caused damage esti- mated at about \$950 to the barn and contents belonging to John Woods, 253 East Jackson street. The alarm was received at 3:25 o'clock this morning.

A large amount of hay and corn, also farm implements were de- stroyed in the fire.

The tripping of the sprinkling system at the McLaughlin Furni- ture company, 515 South Ohio, caused a run by the companies at 3 o'clock this morning.

Saturday, May 20, at Liberty Park will be Scout Day for inter- mediate and senior Girl Scouts, 10 a. m. to 3:30.

A Court of Awards in badge work will be a feature of the pro- gram. The leaders will present the badge awards to the girls in their respective troops.

The Scouts are asked to cook out as a troop or in patrols and ratings will be given on this basis. The amount of work done at the park will be considered in the ratings and ambitious girls who wish to come before 10 o'clock may do so.

The brick ovens at the park may be used or the troops can build their own fires, criss-cross trench, tin can or pit fire. Fire wood will be provided. Several troops are looking forward to the outing as it will enable them to complete requirements in outdoor badge fields.

Each troop is asked to contri- bute its bit to the program of the day. Demonstration of a badge activity, Girl Scout song, singing game, folk dance or other enter- tainment. Girl Scout uniforms will contribute to ratings.

day as the first of 52,000 war pro- duction workers made idle by a strike of 3,300 foremen began re- ceiving calls to return to their jobs.

How soon the long assembly lines at 13 affected plants would be moving at full speed remained in doubt.

The Ladies Aid Society of Broadway Presbyterian church will hold an all-day meeting Fri- day in the service building and sew for the Red Cross.

# Spring Styles Cotton To the Teen-Age Girl

BY EPSIE KINARD  
NEA Staff Writer

Put your growing-up daughter in young black—washable but tub-defying—and in bright cottons that take to suds like a duck to water, if you want to turn her out in style this wartime summer and at the same time keep the laundry bundle down to a decent size.

That's the idea behind a flock of new fashions created for the 'pigtailed crowd'—ages 12 to 16—which are stylized to the last seam by a clever young designer, and which are made definitely "super" by matched accessories that can be changed about.

## Nutritious "Snacks" Renew Child's Energy

By GAYNOR MADDOX

Here are two peanut butter novelties good for youngsters either at meals or when they "roar for eats" after hard playing.

**Peanut Butter French Toast Sandwiches**

Eight slices bread, ¾ cup peanut butter, 3 eggs, ½ cup milk, ½ teaspoon salt, bacon or other fat for frying.

Spread one side of each slice of bread with peanut butter. Press two slices together to make sandwich. Cut crosswise. Beat eggs, add milk and salt and mix well.

Heat fat in frying pan. Dip half-sandwich in egg mixture and fry in heated fat until golden brown on both sides. Serve hot.

**Peanut Butter Chocolate Cup Cakes**

One and three-quarters cups sifted cake flour, ½ teaspoon salt, ¾ teaspoon soda, 1 cup sugar, 2 tablespoons shortening, 3 table-

spoons peanut butter, 2 squares chocolate, melted, 1 cup cold strong coffee.

Mix and sift flour, salt, soda and sugar together three times. Cream shortening and peanut butter together. Add melted chocolate and beat well. Without stirring, add flour mixture and coffee and then stir vigorously, until well mixed. Beat 1 minute. Pour batter into deep greased muffin pans and bake in moderate oven (350 degrees F.) about 20 minutes until cakes shrink to size of pans. Cool and frost as desired. Yield: 1½ dozen medium-sized cakes.

**Menu**  
Breakfast: Orange juice, ready to eat cereal, bacon muffins, butter or fortified margarine, grapefruit marmalade, coffee, milk.

Dinner: Chicken a la OPA, potato soufflé in casserole, new peas with lettuce and white onions, enriched soft rolls, butter or fortified margarine, spring salad.

CHICAGO—Mrs. Alice Portykus, 29, told Circuit Judge Robert J. Dunne her husband, Frank, 33, used football tactics in their kitchen—and tackled her.

Portykus testified he did tackle her, but only after she had thrown hot water on him. Judge Dunne, a former star tackle at the University of Michigan, agreed that being used for a tackling dummy was ground for complaint and awarded Mrs. Portykus \$10 a week temporary allowance pending a decision on her suit for divorce.

peasant figures are the most effective and easiest to do, says furniture-transformation artist Peter Hunt, once you know the basic strokes.

For instance, to achieve the striking hearts-and-flowers motif that decorates the white and lawn green enameled chair above, you need know only the few steps shown at the left.

Begin by making a heart within a heart for the center figure, says Hunt, then a solid circle for the flower. Next add four swag strokes on the bud, then a stem and some leaves. Use the same swag strokes to fill out the tulip motif. Put them all together in whatever colors you choose—red, green and yellow were used for the above design—add an appropriate motto in script on the bottom slat, and the result is the gayest conversation piece in town.

### Legion of Merit To Gen. Landon

U. S. ARMY HEADQUARTERS, Central Pacific Area, May 7 — (Delayed)—(P)—Brig. Gen. Truman H. Landon was awarded the Legion of Merit today for his work in directing the army bombed spearhead of the United States westward advance in the Central Pacific.

Landon, who played football at West Point from 1924 to 1928, is commander of the Seventh Bomber Command, whose latest job has been to help crush Truk, Japanese base in the Caroline islands.

Landon was born in Maryville, Mo., and graduated from the Carlinville, Ill., high school and Blackburn college in Illinois. His wife lives in Los Angeles.

### Allies In Italy Exceed Schedule

NEW YORK, May 18—(P)—Allied troops in Italy have far out-run the latest communique, Eric Sevareid, CBS correspondent, said Wednesday night in a broadcast from Naples.

Sevareid, who reached Naples after being at the front lines in Italy, said:

"It would be a pleasure to tell you how far we have progressed up to this moment but the authorities here are content to issue but one communique a day, which is not only hours but miles behind events; and, if previous campaigns are any criterion, behind the enemy radio announcements as well."

He said the total French advance "now measures about 16 miles as the crow flies." They have suffered heavy losses, he stated, but "you should see the truckloads of dazed, exhausted German prisoners, who hardly know what happened x x x."

### Six Sergeants Set New Style In Pin-up Girls

You girls who've been worried by the hold glamor queens have taken on the men in uniform can cheer up. Six sergeants of a bomber crew in Italy have revolted against the traditional pin-ups and had adorned their tent with the picture of a girl who works to help them fight, one who, in their own words, is "a clean-cut American girl, helping the war effort." She is Marjorie Carling, a signalgraph tester on bank and climb gyro-pilots for bombers, manufactured at the Electric Auto-Lite company in Toledo. CHICAGO — Here's a mother robin who doesn't object to the bright lights.

Her home is a nest in the ornamental iron lamp on a flower trellis in front of the Bit and Bridge club in suburban Morton Grove.

There are four eggs in the nest, which is about two inches below an electric light bulb that shines nightly from sundown until 1 a.m. The mother robin, said Clubowner Dell Bixler, apparently finds the lamp a helpful incubator.

Ray Inselman, who has been visiting his father and sister, Ezra Inselman and Miss Alberta Inselman, has departed to report for duty in Alabama. He is assigned to an engineer group. His wife will reside in Windsor where she has employment.

Pfc. Oliver Neffendoff has returned to Camp Carson, Colo., after a furlough visit with his parents, Mr. and Mrs. R. W. Neffendoff. Mrs. Neffendoff and son, Warren Claude, are here for a visit at the home of her grandparents, Mr. and Mrs. William Trone and her aunt, Mrs. Frank Mackey and Mr. Mackey before going to Colorado to be near their husband and father.

The British Mark IV Mosquito bomber is unarmed and flies with little regard to formation, depending upon its speed for protection.

### Oak Grove Club Meeting

The Oak Grove Extension club met at the home of Mrs. Charles Mawhorter last week, with Mrs. Elja Moon assisting hostess. Twenty members gave helpful suggestions in answer to roll call on "Something About the Care of a Certain Flower."

Reports of the 4-H were given by Mrs. Clifford Mawhorter and Miss Dorothy Bacon, a visitor at the club.

Mrs. Fred Welling and her teammate, Mrs. Mawhorter, who had attended the meeting on "Dry Cleaning and Pressing at Home" given at the home of Miss Bacon, county demonstration agent, on April 19, made a report and gave a demonstration.

Mrs. Clifford Mawhorter gave the devotional, using for her topic "Religion in Russia." Mrs. H. A. Wilson read the health bulletin, "U. S. Cadet Medical Corps." The club letter and poem were read by Mrs. C. E. Cole.

The president, Mrs. Roy Petty, presented a gift to the "club bride," Mrs. Max Riecke, the former Miss Levinie Reed, and charter member of the organization. Mrs. Ernest Schlobohn was welcomed as a new member.

Guests at the meeting were Mrs. Phil Burford and daughter, Miss Virginia Burford, Mrs. Lee May, Miss Dorothy Bacon, Dorothy and Marie Mewes, Doris, Betty and Judith Schlobohn, Carol Ann Turner and Miss Elsie Mawhorter.

The meeting closed with the singing of "America, the Beautiful," accompanied by Miss Elsie Mawhorter, to meet again on June 9, with Mrs. Clifford Mawhorter, Mrs. A. A. Romig assisting.

**In these critical times it's especially important to make your home CLOROX-CLEAN ... for Greater Health Protection!**

**Health Authorities urge sanitary house cleaning**  
Infection Dangers Spread Easily

**Fewer Civilian Doctors and Nurses**

**America Must Keep Workers Healthy**

**HEALTH PROTECTION** is more important today than ever due to reduced civilian medical facilities, and the need to keep America's workers on the job for Victory. These are added reasons why health authorities are urging housewives throughout the nation to maintain high standards of home sanitation. Clorox used in routine cleansing makes household "danger zones" hygienically clean.

**WHY TAKE CHANCES!**  
"When it's CLOROX-CLEAN it's hygienically clean!"

**Your Kitchen** can be one of the main sources of possible infection unless made hygienically clean. It's easy to combat kitchen germ dangers with Clorox ... it disinfects, deodorizes and removes stains from dishes, glassware, tile, enamel, linoleum, wood surfaces. Clorox also bleaches and removes stains from dishcloths ... makes them fresh-smelling, sanitary.

**In the Bathroom** where millions of germs may cling to seemingly clean surfaces, Clorox-Cleanliness is important, too. Make it a regular habit to disinfect with Clorox in routine cleansing of washbasins, bathtubs, toilets, floors, tile, enamel and woodwork. And Clorox makes your bathroom spick-and-span ... for it removes stains and brightens surfaces.

**And in Laundering**, sanitation is vitally important as an added safeguard to health. Clorox used in laundering makes white and color-fast cottons and linens hygienically clean. It gently bleaches white cottons and linens (brightens fast colors), removes stains, scorch, mildew. Clorox also lessens rubbing, thus conserving your hard-to-replace linens.

**Remember**, when you buy Clorox, you get the same full strength, same high quality for your money, today as always. Clorox is ultra-refined, free from caustic ... an exclusive, patented quality-feature. Clorox is efficient and extra-gentle in use. Simply follow directions on label. There is only one Clorox, always ask for it by name.

## Eggs Easy on the Budget: Cheese

By GAYNOR MADDOX  
NEA Staff Writer

Use the abundant fresh egg supply now. These recipes will make that war-thrift gesture a pleasure.

### Egg Ring

Six hard-cooked eggs, riced, 1 tablespoon gelatin, 1/2 cup cold water, 1 cup boiling water, 1/2 tablespoon mayonnaise, 1 tablespoon vinegar, salt, pepper, paprika, small bunch parsley, chopped.

Soak gelatin in cold water, add boiling water and other ingredients, mixed. Pour into a ring mold and chill. Serve with center filled with chicken, lobster or shrimp or vegetable salad.

### Baked Eggs on Spanish Rice

One cup rice, uncooked, 2 1/2 cups canned tomatoes, 1/2 small onion, 1 bay leaf, 2 cloves, 2 tablespoons butter or fortified margarine, 1 tablespoon flour, 6 eggs, salt, pepper, paprika, grated cheese, bread crumbs.

Wash rice several times in cold water. Boil in salted water until tender, drain and rinse with hot water. Keep hot. Simmer together for 10 minutes the tomatoes, onion, bay leaf, cloves, salt and pepper. Blend the flour with a little cold water until smooth and add with the butter or fortified margarine to the strained tomato mixture. Cook until thickened. Arrange a layer of the cooked rice in a greased baking dish, making 6 depressions in the rice. Break an egg into each depression, cover with tomato sauce and sprinkle with grated cheese and bread crumbs. Bake in mod-

erate oven until firm, about 15 minutes. Serves 4 to 6.

### Menu

Breakfast: Stewed prunes, oatmeal, crisp bacon, enriched toast, marmalade, coffee, milk.

Luncheon: Cheese sauce and vegetables on toast, whole wheat bread, butter or fortified margarine, stewed rhubarb, peanut cookies, tea, milk.

Dinner: Fish potato puffs, tomato sauce, brown rice, asparagus, mock Hollandaise sauce, enriched bread, butter or fortified margarine, green salad, stale cake squares with strawberry sauce, coffee, milk.

## Enhances Leftovers

By GAYNOR MADDOX  
NEA Staff Writer

These two recipes give Sunday's leftovers a Monday flourish.

### Cheese Sauce Vegetables

(Serves 4 to 6)

Three cups cooked leftover vegetables, 3 tablespoons fortified margarine or other table fat, 2 tablespoons enriched flour, 1/4 teaspoon salt, 1/4 teaspoon pepper, 1 tablespoon mustard with horseradish, 1 cup milk, 3 tablespoons grated cheese.

Melt fat over low heat. Add flour, seasonings, mustard with horseradish, and mix well. Add milk gradually, stirring well and cook until thickened. Pour over hot vegetables and serve at once.

### Fish Potato Puff

(Serves 4 to 6)

One cup flaked fish, cooked or canned, 1 cup seasoned mashed potatoes, 1/2 teaspoon salt, 1/2 tablespoon lemon juice, a few drops Tabasco sauce, 1 tablespoon chopped celery, 1 tablespoon minced onion, 2 eggs separated.

Combine fish, potatoes, salt, lemon juice and Tabasco sauce. Saute celery, parsley, green pepper and onion in fortified margarine or other fat 5 minutes; add to fish mixture. Add well-beaten egg yolks and beat until light. Fold in stiffly beaten egg whites and pile lightly in well margined small ring mold. Bake in a moderate oven (350 degrees F.) for 30 to 40 minutes or until firm. Serve with tomato sauce.

### Menu

Breakfast: Stewed strawberries, ready-to-eat cereal, fried eggs and bacon, whole wheat toast, butter or fortified margarine, coffee, milk.

Luncheon: Peanut butter French toast sandwiches, fresh fruit cup, cookies, tea, milk.

Dinner: Fried fish fillets, broiled tomatoes, mashed potatoes, cold asparagus with vinaigrette sauce, enriched bread, butter or fortified margarine, fresh fruit gelatin, coffee, milk.

Dealers Get Better Pick-up Service

Women on the home front are doing a splendid job of saving waste fats and greases, according to officials of the Standard Rendering Company, Kansas City, Kansas, a primary collector in this area. Nearly all households save fats regularly and many of them exceed the standard quota of a tablespoonful a day, these officials say.

Special steps have been taken to move fats more quickly. Retailers now can get prompt pick-up service from Standard Rendering Company trucks or can ship direct to this company by express, collect. Points and payment will be sent by return mail. All dealers with fats to dispose of are urged to ship promptly to or communicate with Standard Rendering Company, 635 Adams, Kansas City, Kansas. The phone number is HARRISON 1545.

## THE MARGARINE WOMEN HAVE DREAMED OF HAS AT LAST COME TRUE!

"It's Fleischmann's **BLUE BONNET**"

CHILDREN LOVE IT—AND JUST SEE THE NOURISHMENT ONE POUND OF BLUE BONNET BRINGS YOU!

in Vitamin A  
OR  
in Food-Energy Units

SO DELICIOUS, SO FRESH, SO SWEET, WE DARE SUGGEST THE HARDEST TEST OF ALL—THE "HOT-FOOD TASTE TEST!"

1. "Yes, folks," says Blue Bonnet Sue. "When a margarine is hot and melting, your taste will tell you instantly how good it is."

2. "That's why I'd like you to try my new Blue Bonnet Margarine on hot food. Then I know you'll agree it's got that real, honest-to-goodness table-spread flavor!"

3. "You see, when we make Blue Bonnet Margarine, we use rich, nutritious vegetable oils... fresh pasteurized skim milk. No wonder it's so chock-full of fresh, sweet, delicious flavor!"

And as for nutrition, imagine! Each pound brings you 3,300 food-energy units, plus 9,000 units of Vitamin A! Yet, you pay about one-half the cost of the most expensive spread... need only 2 ration points, not 12. Get some today!"

MAKE THIS HARDEST TEST of all! Put a big, generous chunk on crisp, piping-hot waffles! Let it melt...

THEN, TASTE IT! Even hot, even melted, it's still sweet, rich, delicious! You'll agree...

FOR SHEER TASTE—you just can't beat Blue Bonnet. It really tastes like choicest table-spread!

**Meeting of State Conservation Body Held Here**

The monthly meeting of the State Conservation Commission was held at the Hotel Bothwell Wednesday. These meetings, held alternately at Jefferson City and at other points in the state, are for the purpose of coordinating efforts of the Commission and other wildlife, game and sports organizations of the state for the protection of Missouri's natural resources.

Routine business was the principal undertaking of the meeting, with no particular action of public interest taking place. E. Sydney Stephens, of Columbia, chairman of the Commission, expressed his regret that there were no representatives of any local sports or wildlife association present at the meeting to offer suggestions or make any kind of complaint.

All the members of the Commission were present except Edward K. Love, of St. Louis, who is ill. Following are those who attended: G. E. Stoner, vice-chairman; Springfield; Owen T. Arnold, secretary; Troy; I. T. Bode, director; Gus E. Budde, executive secretary; St. Louis; Jack Frost, conservation agent, of Warrensburg, who serves Pettis county; and a number of other members of the field staff of the west central district.

**Discuss Fishing Seasons**

At the meeting was a group of men representing the North Shore Association of the Lake of the Ozarks Association, who discussed with the Commission open and closed fishing seasons on the lake, possible utilization of the Glaze fish hatchery to propagate fish for the restoring of the lake supply, the bass season and its proposed change in date, and the prohibition of fishing by guides while serving in that capacity.

In this group were L. A. Kelly, Osage Beach; "Red" Love, Purvis; Mel Atkins; Carl Koopman, Malibu Beach; Eddie Wilson, Wilson's Hill; and Sen. H. B. Hart, of Versailles.

The Benton county court was present to bring up the problem of the removal of rough fish from the Lake of the Ozarks, an operation performed by the staff of the Commission. The court asked that there be some arrangement whereby commercial fishermen might receive licenses for the right to remove these fish, as a protection of the game fish of the lake.

In this Benton county group were Robert Crocker, presiding judge; Levi Salley and Theodore Bruckman, associate judges; and Louis Meisner, sheriff. No definite action was taken in regard to their proposition, though the opinion was expressed that it is believed best for the Commission to carry on the work.

Miss Betty Hornbuckle, a secretary to the commission attended the day's session.

**Twilight Tear Wins at Belmont**

NEW YORK, May 18—(AP)—Twilight Tear, Warren Wright's speedy three-year-old filly, won her sixth straight race of the season in seven starts Wednesday with an easy two-length victory in the \$10,000 Acorn at Belmont. Louis B. Mayer's Whirlabout was second, six lengths ahead of Everget, of the Brandywine stable.

Ridden masterfully by Conn McCreary, who plotted Pensive to victory in the Derby and Preakness, Twilight Tear took the lead from Whirlabout at the three-quarter mark and won going away. The Bull Lea-Lady Lark three-year-old, back down to 1 to 5 by the bettors, paid \$2.40, \$2.20 and \$2.10. Whirlabout paid \$2.60 and \$2.02, and Everget \$2.40. Time for the mile was 1:37.

**Persian Gulf Command**  
Sgt. Allen Lacombe, the No. 1 boxing promoter from Cairo to Teheran, types this report. . . "Boxing in the P. G. C. has been pretty good in the last month or so. I took 22 boys on tour of the command. The camps we appeared in did not have boxing teams before we went there, but as soon as we left all the camps started to organize teams. . . There is only one place that we can fight during the summer and that is Teheran. It is nice and cool up in the mountains where the camps are, so once a month I have to put on 12 fights up there, matching boys from all over the command. The only rough part about it is that we fellows stationed down in the southern part of Iran have to travel almost 850 miles to fight. The change of climate is murder; you can hardly breathe when you get up in the mountains. And you have to travel fourth class or ride in box cars all the way, eating C. rations, but the boys do not seem to mind it very much. In fact they raise hell if you cannot get them a match every time you go up there. When this war is over and all the boys turn pro and we have to ride the rods from town to town, up and down the kerosene circuit, we will be used to it."

Recently received copies of the "Cockatoo," which describes itself as "the leading and most widely read morning newspaper in New Guinea," including complete resumes of major league baseball performances as well as racing results at "Fresh Meadows," a track where toy horses are raced with the aid of dice. . . And an accompanying letter from Editor T. J. Clifford Garding says: "In our particular, but not peculiar situation, we are unable to participate in athletics because the jungle is hardly the place for diamonds, courts, courses and athletic fields. The sea is our playground and water sports are the main diversion."

**England**  
From a Canadian newspaper comes information that a Canadian army cricket team will play an American team on the famed cricket grounds at Lords, July 20. . . The match already has led to speculation in London papers as to whether the game will help Canadians and Americans forget the more raucous game of baseball when they return home. . . From this distance, it seems more likely that staid Londoners never will forget the Canadian-American game.

**North Africa**

**TILDA COURTRIGHT** came hurrying toward them. "Tallyho, kids," she called, waving. Link chuckled. "Tallyho yourself," he said. "Norma and I have just decided that Captain Azaraski is the fox."

"Nonsense," said Courtwright. "Azaraski is just a kind Japanese gentleman who is joy-riding us around the countryside. He says so himself."

"And snakes have wings," Link added.

"All right, all right," Courtwright put one arm around Norma's waist and the other around Link. "All right, I'll stop pretending. I'm scared, too."

"Nonsense," said Link, under the impression she was fooling. Courtwright said, "Do not banter a frightened old lady, kids." Link eyed her sharply. He decided she was frightened, too. The discovery didn't do the pit of his stomach any good. "By golly," he said. "You mean it!" Courtwright's fingers bit into Link's arm dramatically. "I sure do. But let's not give them the satisfaction of seeing us act frightened. Let's not stand here in plain sight talking about it. Let's have some tea, and discuss it over our cups."

They had tea in the corner of a small veranda where the matting curtains rolled up and permitted a view of many flowers and green hills and volcanic mountains.

The little innkeeper, the one who was a walking collection of wrinkles, went away to bring them tea and cakes.

"How long have you been alarmed, Courtwright?" Link asked.

"Longer than you think. I just kept buttoned up," Courtwright even worse inside. . . If you're lucky, you can find through the use of sign language and GI French that favorites aren't posted and there aren't, as a result, any opening odds. . . So long as the race is going on, you can imagine that you're back in the states, because usually the races are good and it's just as difficult to see the backstretch as it is 'at home,'

Tell Link where you went to school.

"Very fine schools," Norma informed Link. "In New York and Connecticut, mostly."

"Business schools, at papa's suggestion," said Courtwright. A shade of annoyance entered Norma's tone. "Well, that was sensible."

"Eminently," Courtwright turned to Link. "She was going to be as rich as Solomon's daughter. So naturally she should learn business management."

"Moneybags, eh?" Link said suspiciously.

QUICKLY, as if a bank account might be a hereditary disease or something, Norma explained, "Oh, but not any more. The Japs seized everything."

"Didn't you say you were a Chinese citizen?" Link asked. "How come?"

"I did that on the advice of our lawyers," Norma explained. "It was part of the fight we were making to keep the Japs from getting our Chinese holdings legally. They were supposed to respect the property rights of the citizens of puppet China. It worked for a while. But on Dec. 7, the day of Pearl Harbor, I was arrested and I have been in jail since."

"Since Dec. 7?" Link said indignantly. "What's wrong with American diplomats, letting you stay in jail that long?"

"The diplomats were in jail themselves, weren't they?"

"What," asked Link sourly, "about the million guys in love with you? There must have been that many."

Norma smiled at him. "There wasn't any important man in my life."

"You mean, just at the time?" asked Link, prying with much interest.

"No one really serious, at any time," she said. "Actually," Courtwright said, "She isn't fooling. But the chances she's had!"

Link had a blue gloomy moment. He was having a silly emotion. He was bitterly jealous of the guys who had been the chances.

### Fined For Not Having State Driver's License

E. M. Offutt, Knob Noster, arrested on a charge of not having a driver's license, pleaded guilty to Judge C. W. Bente, sitting as ex-officio justice of the peace, and was fined one dollar and costs, a total of \$9.70 this morning.

Offutt was arrested by the police for making a left hand turn at Fifth street and Ohio, at which time it was learned he didn't have a state driver's license. He forfeited a one dollar bond on the overtime parking charge in police court.

### Farewell Party For Wallace

WASHINGTON, May 18.—(AP)—A double drive to tighten American-Chinese relationships got underway today with arrival of a Chinese military mission and a farewell party by Vice President Wallace, about to leave for Chungking.

The mission, headed by General Shang Chen, is the first from Chungking since General Hsiung Shih-Hui left here a year ago amid reports of extreme tension with American officials.

The prime purpose of Wallace's journey is to talk with Generalissimo Chiang in Chungking, but he is also expected to visit American forces in China and inspect agricultural stations, Wallace formerly was secretary of agriculture.

### A Different Dunkirk

Bitter memories of the evacuation from Dunkirk are partially avenged by 9th Air Force B-26 Marauders in a raid of Nazi military installations. One of the bombers surveys damage done to railways and other objectives before heading for home. Smoke from bomb bursts indicates the missions was successful. Dunkirk is now a vital target for pre-invasion attacks.

### FALSE TEETH

That Loosen  
Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH as any drug store.—Adv.
